

User Guide:

Movie Management System

Taryn Davis, Melissa Flores, Paola Pereda

LOG-IN SCREEN

This screen displays an area for a user to put in a Username and Password. The show password button will show what a user has inputted to the password line instead of *

Exit:

The program will close.

Login:

Will let users continue into the respective Menus if username and password are correct.
Please see below for usernames and passwords.

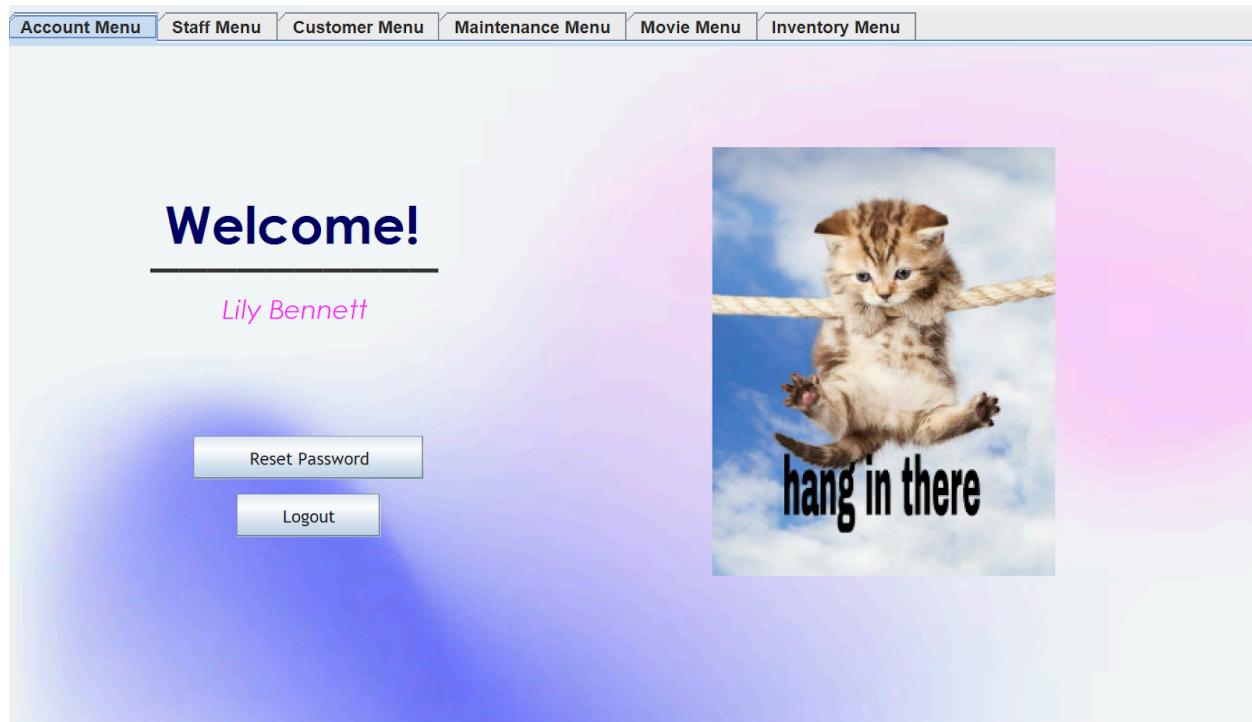

Menu:	Username:	Password:
Manager	Lil.Ben	PastelDream9
Manager	Jas.Wel	Shadow99
Cashier	Mic.Car	Treehouse2
Cashier	Emm.Ree	Sunflower45
Engineer	Dan.Fos	Mountain44
Engineer	Sar.Col	CoffeeTime8

If a successful login a message will pop up confirming the successful log-in

MANAGER MENU:

Account Menu:

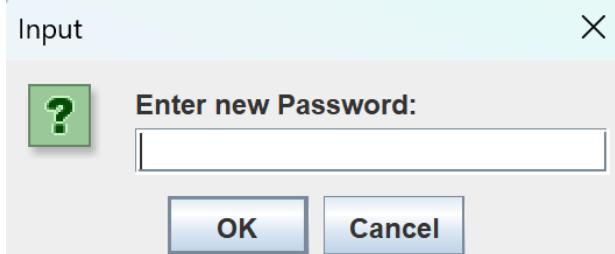

This screen displays a Welcome message, and screen only for Manager credentialed users.

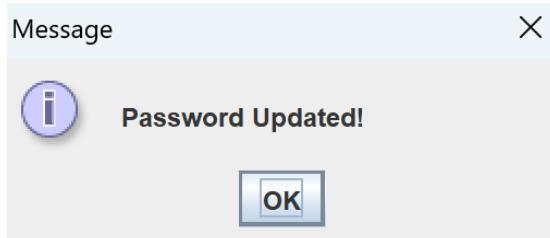

Clicking on the tabs on the top will take the user to various menus accessed only by Managers.

Reset Password

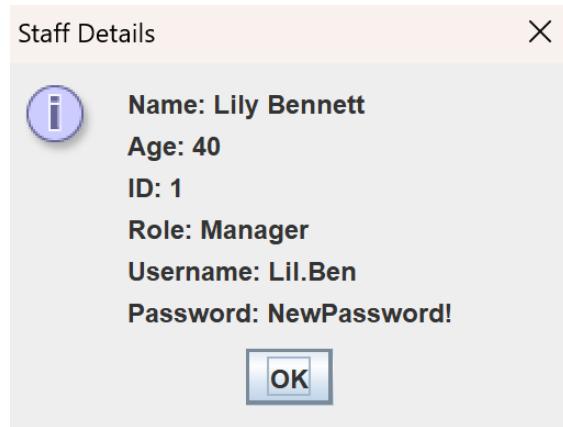

To reset the password, click the “Reset Password” button. A popup will appear asking for the new password. Enter the new password and click “OK”

Once Password is updated successfully a new popup will appear, letting the user know the password was updated.

The new password will update in Staff Details (see Staff Details for more)

Logout:

The program will go back to the log-in page, while saving all changed data.

MANAGER MENU:

Staff Menu:

This screen displays the Staff List table which shows a report of all current Staff Members of the Movie Management System. The Staff member List can only be seen and used by Managers.

Staff Details:

Pressing “Clear” will delete all filled out text fields.

MANAGER MENU:

Maintenance Menu:

This menu has two tables, one showing pending maintenance issues that have been raised, the other showing a list of all resolved maintenance issues. Maintenance issues can only be logged and resolved by Managers and Engineers.

Maintenance Menu							
Pending Issues:		Resolved Issues:					
ID	Description	Reported By	Date	ID	Description	Reported By	Date
1	Projector...	Lily Benn...	2025-05-03	2	Leaky cell...	Jason Wells	2025-05-03
3	AC not ...	Lily Benn...	2025-05-03				

[View Issue Details](#) [View Resolved Details](#)

[Log New Issue](#)
[Resolve Issue](#)

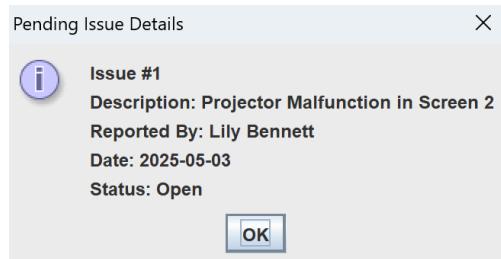

View Issue Details:

To view Issue Details of any Pending issues you must click the pending issue in the table, then “View Issue Details.” This will create a pop up menu showing the issues: ID, Description, Reported By, and Date.

Pending Issues:				Resolved Issues:			
ID	Description	Reported By	Date	ID	Description	Reported By	Date
1	In Screen 2	Lily Benn...	2025-05-03	2	Leaky cell...	Jason Wells	2025-05-03
3	AC not ...	Lily Benn...	2025-05-03				

[View Issue Details](#) [View Resolved Details](#)

[Log New Issue](#)
[Resolve Issue](#)

View Resolved Details:

To view any notes created by the resolver of a maintenance issue, you must first click on the Resolved Issue, then "View Resolved Details." This will pull up the issue ID, description, reported by, date, status, and resolution details.

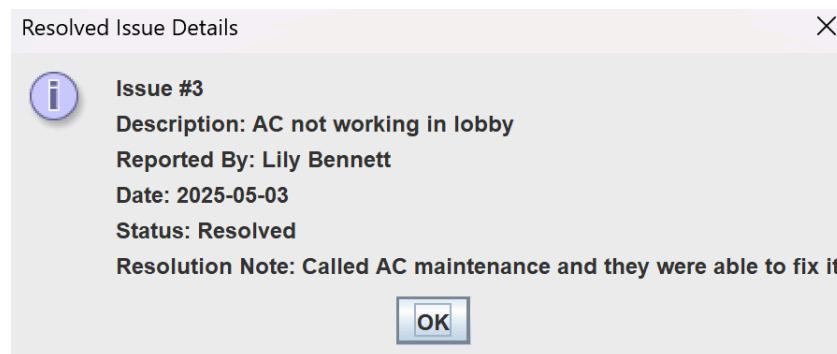

The main interface shows two tables side-by-side. The left table is titled "Pending Issues:" and the right table is titled "Resolved Issues:". Both tables have columns: ID, Description, Reported By, and Date. A green circle highlights the "View Resolved Details" button in the "Resolved Issues" header. Below the tables are two buttons: "Log New Issue" and "Resolve Issue".

ID	Description	Reported By	Date
1	in Screen 2	Lily Benn...	2025-05-03

[Log New Issue](#) [Resolve Issue](#)

Log New Issue:

To log a new issue, click on “Log New Issue”, and fill out the text prompts for Issue Description.

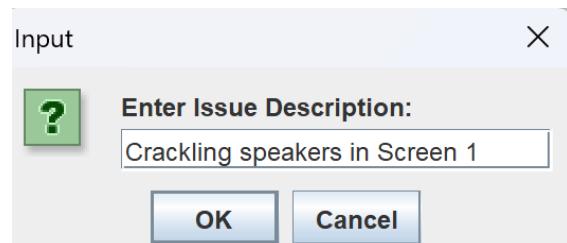

The screenshot shows a software interface for managing issues. On the left, there is a table titled "Pending Issues" with columns: ID, Description, Reported By, and Date. It contains two rows: ID 1 with Projector... and ID 4 with Broken S... both reported by Lily Bennett on 2025-05-03. On the right, there is a table titled "Resolved Issues" with the same four columns. It contains three rows: ID 2 with Leaky cell... reported by Jason Wells on 2025-05-03, and ID 3 with AC not w... reported by Lily Bennett on 2025-05-03. Below the tables is a pink panel with a green oval highlighting the "Log New Issue" button. To the right of the button is another button labeled "Resolve Issue".

ID	Description	Reported By	Date
1	Projector...	Lily Benn...	2025-05-03
4	Broken S...	Lily Benn...	2025-05-09

ID	Description	Reported By	Date

Log New Issue

Resolve Issue

After hitting “okay.” the issue details will update in the table along with the description.

The screenshot shows the application after a new issue has been logged. The "Pending Issues" table now includes a new row at the bottom: ID 5 with Description "Cracklin...", Reported By "Lily Bennett", and Date "2025-05-09". A "Pending Issue Details" dialog box is open, displaying the details of the newly logged issue: "Issue #5", "Description: Crackling speakers in Screen 1", "Reported By: Lily Bennett", "Date: 2025-05-09", and "Status: Open". An "OK" button is at the bottom of the dialog.

ID	Description	Reported By	Date
1	Projector...	Lily Benn...	2025-05-03
4	Broken S...	Lily Benn...	2025-05-09

MANAGER MENU:

Movie Menu:

This menu allows Managers to create movies, assign them to times and view other movies playing currently at the theater. This list and access is only used by Managers.

The screenshot shows a web-based application for movie management. At the top, there is a horizontal navigation bar with tabs: Account Menu, Staff Menu, Customer Menu, Maintenance Menu, Movie Menu (which is highlighted in blue), and Inventory Menu. Below the navigation bar, the main content area is divided into two sections: "Movie Details:" and "Movie List:". The "Movie Details:" section contains input fields for Movie Title, Time, Date, Rating, Runtime, and buttons for Assign Movie and Clear Fields. The "Movie List:" section displays a table of movies with columns for Title, Time, Date, Rating, Runtime, and ID. The table data is as follows:

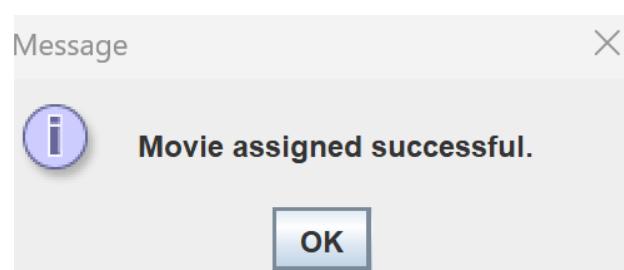

Title	Time	Date	Rating	Runtime	ID
Clueless	3:15PM	4/13/25	PG-13	1h37m	1
Insidious	9:45PM	4/20/25	R	1h53m	2
Divergent	4:45PM	4/22/25	PG-13	2h19m	3
High School Mu...	2:00PM	4/24/25	G	1h38m	4
BigHeroSix	7:10PM	4/26/25	PG	1h48m	5

Assign Movie:

To create and assign a move to a screen, fill out all the text boxes under movie details, and click on “Assign Movie”.

The screenshot shows the "Movie Details:" form. It includes fields for Movie Title (Thunderbolts*), Time (3:00pm), Date (4/23/25), Rating (PG-13), Runtime (2h20m), and an "Assign Movie" button. There is also a "Clear Fields" button. The entire form is set against a light gray background.

If assignment was successful and there are no duplicates or movie scheduled on the same time/same day a popup success message will display and the table will be updated with the new information.

MANAGER MENU:

Inventory Menu:

The inventory menu is for Managers to view what is in stock and to order more items, or add new items to the Inventory List.

The screenshot shows a web-based application interface for managing inventory. At the top, there is a horizontal navigation bar with tabs: Account Menu, Staff Menu, Customer Menu, Maintenance Menu, Movie Menu, and Inventory Menu. The Inventory Menu tab is currently selected, indicated by a blue border around it. Below the navigation bar, the main content area has a title "Inventory List:" centered above a table. The table has three columns: Item Name, Quantity, and Price. The data in the table is as follows:

Item Name	Quantity	Price
Medium Popcorn	250	\$6.00
Large Popcorn	250	\$7.00
Small Drink	200	\$3.00
Medium Drink	200	\$4.00
Large Drink	200	\$5.00
ICEE	200	\$4.00
Bottle Water	200	\$3.00
Twix	300	\$3.50
Snickers	300	\$3.50
Twizzlers	300	\$3.50
M&Ms	300	\$3.50
Nachos	200	\$5.00
Pretzels	200	\$5.00

Below the table, there is a modal dialog box titled "Add New Concession Item:". It contains fields for Name (with a text input box), Quantity (with a text input box), and Price (with a text input box). There are also two buttons: "Add Item" and "Clear Fields". To the right of the modal, there are two buttons: "Remove Item" and "Order".

Add Item:

To add a new concession item fill out all text boxes under Add New Concession Item and press “Add Item.”

This screenshot shows the "Add New Concession Item" form from the previous interface. The form has fields for Name (Skittles), Quantity (200), and Price (2.50). The "Add Item" button is highlighted with a green oval. The "Clear Fields" button is also visible.

This will add the concession items to the bottom of the table with all corresponding details.

Item Name	Quantity	Price
Small Drink	200	\$3.00
Medium Drink	200	\$4.00
Large Drink	200	\$5.00
ICEE	200	\$4.00
Bottle Water	200	\$3.00
Twix	300	\$3.50
Snickers	300	\$3.50
Twizzlers	300	\$3.50
M&Ms	300	\$3.50
Nachos	200	\$5.00
Pretzels	200	\$5.00
Dill Pickle	200	\$3.00
Skittles	200	\$2.50

Remove Item:

To remove an item from the inventory, click the item on the table you want to remove and press “Remove Item.”

INVENTORY LIST

ENGINEER MENU:

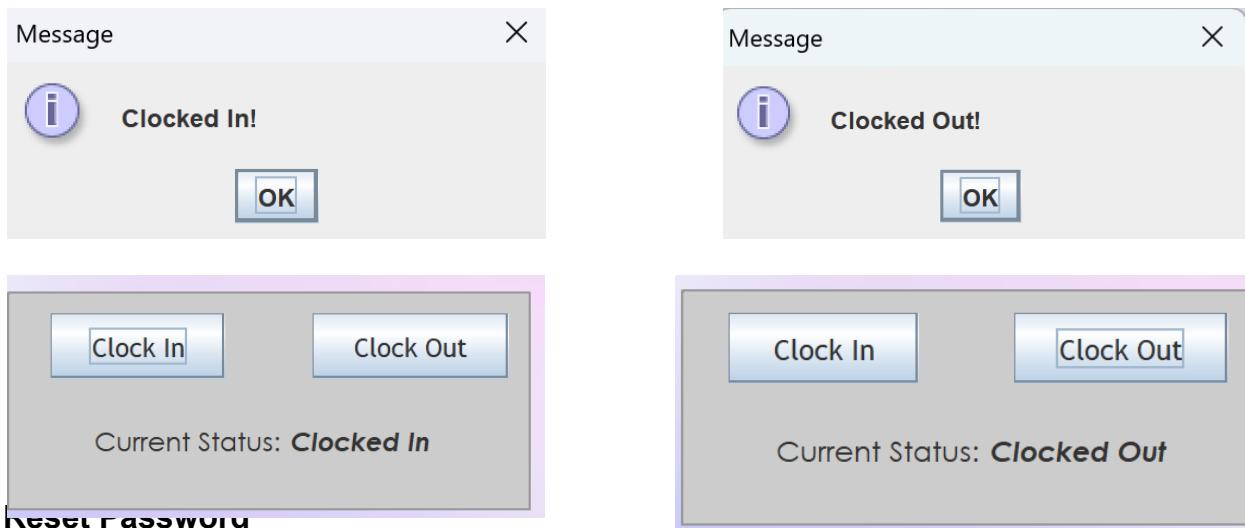

Account Menu:

This screen portrays a Welcome message to the user. This can only be accessed by Maintenance Workers.

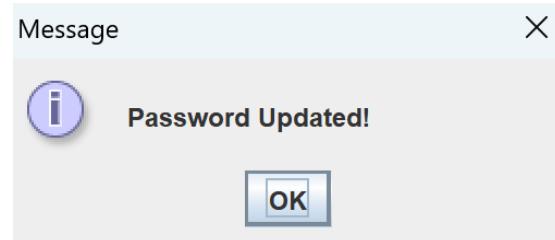

Clock In/Clock Out:

To clock in or out, click on the corresponding button. The current Status shows if the user is clocked in or not. A pop up message will display if the user clocks in or out.

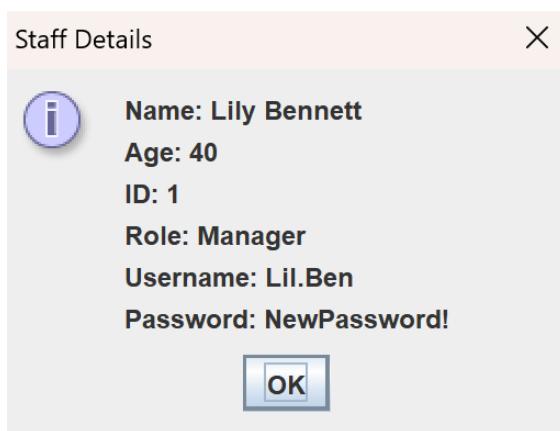

To reset the password, click the "Reset Password" button. A popup will appear asking for the new password. Enter the new password and click "OK"

Once Password is updated successfully a new popup will appear, letting the user know the password was updated.

The new password will update in Staff Details (see Staff Details for more)

Logout:

Pressing "Logout" will send the user back to the log - in Screen

Log New Issue

Resolve Issue

This menu has two tables, one showing pending maintenance issues that have been raised, the other showing a list of all resolved maintenance issues. Maintenance issues can only be logged and resolved by Managers and Engineers.

View Issue Details:

To view Issue Details of any Pending issues you must click the pending issue in the table, then “View Issue Details.” This will create a pop up menu showing the issues: ID, Description, Reported By, and Date.

Pending Issues:				Resolved Issues:

Resolve Issue

View Resolved Details:

To view any notes created by the resolver of a maintenance issue, you must first click on the Resolved Issue, then “View Resolved Details.” This will pull up the issue ID, description, reported by, date, status, and resolution details.

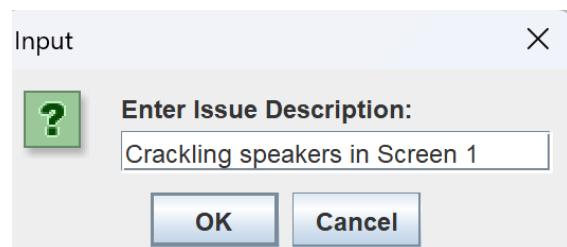

The screenshot shows a software interface for managing maintenance issues. On the left, under 'Pending Issues', there are three items listed: ID 1 (Description: 'in Screen 2', Reported By: 'Lily Bennett', Date: '2025-05-03'), ID 3 (Description: 'AC not ...', Reported By: 'Lily Bennett', Date: '2025-05-03'). On the right, under 'Resolved Issues', there is one item listed: ID 2 (Description: 'Leaky cell...', Reported By: 'Jason Wells', Date: '2025-05-03'). A green circle highlights the 'View Resolved Details' button next to the resolved issue. Below the tables are two buttons: 'Log New Issue' and 'Resolve Issue'.

Log New Issue:

To log a new issue, click on “Log New Issue”, and fill out the text prompts for Issue Description.

The screenshot shows the same software interface after a new issue has been logged. The 'Pending Issues' table now includes a new entry: ID 4 (Description: 'Broken \$...', Reported By: 'Lily Bennett', Date: '2025-05-09'). The 'Resolved Issues' table now includes the previously viewed resolved issue: ID 2 (Description: 'Leaky cell...', Reported By: 'Jason Wells', Date: '2025-05-03').

After hitting “okay.” the issue details will update in the table along with the description.

The main window shows a table titled 'Pending Issues' with columns: ID, Description, Reported By, and Date. The table contains three rows with IDs 1, 4, and 5. Row 5 is highlighted in blue. A modal dialog 'Pending Issue Details' is open over the table, showing the details for Issue #5: Description: Crackling speakers in Screen 1, Reported By: Lily Bennett, Date: 2025-05-09, and Status: Open. An 'OK' button is at the bottom of the modal.

ID	Description	Reported By	Date
1	Projector...	Lily Benn...	2025-05-03
4	Broken S...	Lily Benn...	2025-05-09
5	Cracklin...	Lily Benn...	2025-05-09

Resolve Issues:

To Resolve an issue, click on the issue in the pending table, and click “Resolve Issue”. Fill out the pop-up prompt for the resolve notes and the Resolved issues table will update with the new information.

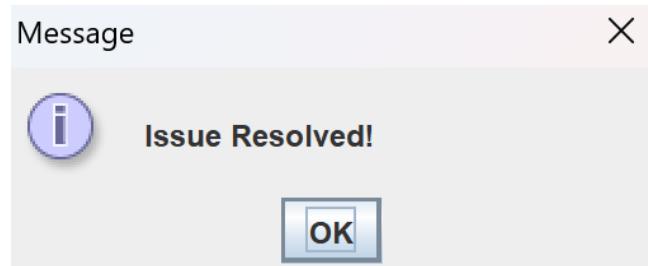

ID	Description	Reported By	Date
1	Projector...	Lily Bennett	2025-05-03
